

Plastics collection point at Irchel

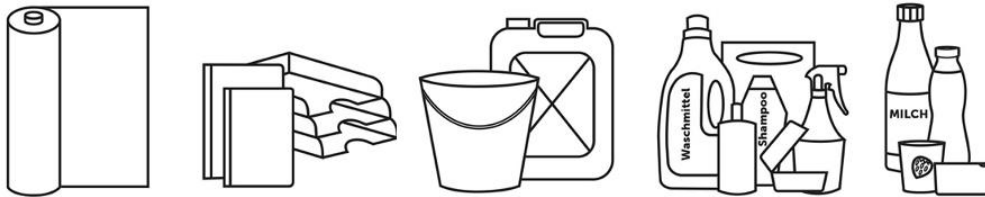

The Facility Management Irchel Campus (Betriebsdienst Irchel) provides a collection point for plastics. Old products such as plastic containers, plastic packaging, plastic bottles and films of all kinds can be handed in at the collection point. PET drinking bottles must still be disposed via PET recycling.

Time slot: Monday to Friday (daily)
10.45–11.15 am

Collection point: Disposal Center Facility Management Irchel Campus Y31-D-50

----------------------	--	----------------------------------	-------------------------------	---------------------------------------

Please note!

- Pipette boxes from laboratories: The Irchel Shop is still the drop-off point for these boxes.
- Collected material should be washed out
- Extremely dirty/half full packaging will not be accepted
- Combinations of different types of plastic and other recyclables such as paper, aluminum or glass: please dispose the individual components separately if possible.
